DISCLOSURES

By completing this enrollment application I agree to the following: AETNA Medicare is a PPO plan with a Medicare contract. Enrollment in the AETNA PPO plan depends on contract renewal. I will need to keep my Medicare Part B coverage. I can only be in one Medicare Advantage plan at a time and I understand that my enrollment in this plan will automatically end my enrollment in another Medicare health plan. I understand that if I don't have Medicare prescription drug coverage, or creditable prescription drug coverage (as good as Medicare's), I may have to pay a late enrollment penalty if I enroll in Medicare prescription drug coverage in the future. Enrollment in this plan is generally for the entire year. Once I enroll, I may leave this plan or make changes only at certain times of the year if an enrollment period is available or under certain special circumstances. Once I am a member of the AETNA Medicare advantage plan I have the right to appeal plan decisions about payment or services if I disagree. I will read the evidence of coverage document from AETNA when I get it to know which rules I must follow to get coverage under this Medicare advantage plan. I may also be disenrolled if I do not pay any applicable plan premiums within the grace period. The effective date of disenrollment is in accordance with federal requirements.

I've been advised not to cancel, or drop any other Medicare advantage or supplemental insurance I currently have until I receive written notification of my confirmed effective date from AETNA. I understand the providers in the AETNA network are independent contractors in private practice and are neither employees nor agents of AETNA or its affiliates. I understand that beginning on the date AETNA Medicare Advantage plan coverage begins using services in network can cost less than using services out of network, except for emergency or urgently needed services or out of area dialysis services. I understand I can go to doctors, specialist or hospitals in or out of network. I understand that providers must be licensed and agree to accept the PPO plan. I also understand I may have to pay more for services I receive out of network. Services authorized by the AETNA Medicare Advantage plan and other services contained in my AETNA Medicare Advantage evidence of coverage document (also known as the member contract or subscriber agreement will be covered. Without authorization when required by the plan, neither Medicare nor the AETNA Medicare advantage plan will pay for services.

RELEASE OF INFORMATION

By joining this Medicare health plan, I acknowledge that the Medicare health plan will release my information to Medicare and other plans as is necessary for treatment, payment and health care operations. I also acknowledge that Aetna Medicare will release my information, including my prescription drug event data to Medicare, who may release it for research and other purposes which follow all applicable Federal statutes and regulations. The information on this enrollment form is correct to the best of my knowledge. I understand if I intentionally provide false information on this form, I will be disenrolled from the plan. I understand my signature (or the signature of the person authorized to act on my behalf under the laws of the state where I live) on this application means I have read and understand the contents of this application. If signed by an authorized individual this signature certifies that this person is authorized under State law to complete this enrollment and documentation of this authority is available upon request from Medicare.

MEDICAL DISCLAIMERS

For more information about Aetna plans, go to <u>AetnaRetireePlans.com</u> or call Member Services toll-free at **1-888-267-2637** (TTY: 711). Hours are 8 AM to 9 PM ET, Monday through Friday.

Participating health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The complete list of services can be found in the *Evidence of Coverage* (EOC). You can request a copy of the EOC by contacting Member Services at **1-888-267-2637** (TTY: 711). Hours are 8 AM to 9 PM ET, Monday through Friday.

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your *Evidence of Coverage*.
- · Plastic or cosmetic surgery unless it is covered by Original Medicare
- Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You may pay more for out-of-network services. Prior approval from Aetna is required for some network services. For services from a non-network provider, prior approval from Aetna is recommended. Providers must be licensed and eligible to receive payment under the federal Medicare program and willing to accept the plan.

Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our Member Services number or see your *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.

Aetna will pay any non-contracted provider (that is eligible for Medicare payment and is willing to accept the Aetna Medicare Plan) the same as they would receive under Original Medicare for Medicare-covered services under the plan.

PHARMACY DISCLAIMERS

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

The Aetna Medicare pharmacy network includes limited lower-cost, preferred pharmacies in Suburban Arizona, Suburban Illinois, Urban Kansas, Rural Michigan, Urban Michigan, Urban Missouri, Urban Pennsylvania, Suburban West Virginia. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower-cost preferred pharmacies in your area, please call 1-888-267-2637 (TTY: 711) or consult the online pharmacy directory at AetnaRetireePlans.com.

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary. You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30-day supply.

Pharmacy clinical programs such as precertification, step therapy and quantity limits may apply to your prescription drug coverage.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.

For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 7-10 days. You can call 1-866-241-0357 (TTY users should call 711), 24 hours a day, seven days a week, if you do not receive your mail-order drugs within this timeframe. You may have the option to sign up for automated mail-order delivery.

The Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs. The amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them and moves you through the Coverage Gap.

Coinsurance-based cost sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

PHARMACY DISCLAIMERS

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- · Cover a drug that would be covered under Medicare Part A or Part B.
- · Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for "off label" use (any use of the drug other than indicated on a
 drug's label as approved by the Food and Drug Administration) unless supported by criteria included
 in certain reference books like the American Hospital Formulary Service Drug Information, the
 DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which an additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as "exclusions" or "non-Part D drugs." These drugs include:

- · Drugs used for the treatment of weight loss, weight gain or anorexia
- Drugs used for cosmetic purposes or to promote hair growth
- · Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Your plan includes supplemental coverage for some drugs not typically covered by a Medicare Part D plan. Refer to the "Non-Part D Supplemental Benefit" section in the chart above. Non-Part D drugs covered under the non-Part D supplemental drug benefit can be purchased at the appropriate plan copay. Copayments and other costs for these prescription drugs will not apply toward the deductible, initial coverage limit or true out-of-pocket threshold. Some drugs may require prior authorization before they are covered under the plan.

MEDICAL DISCLAIMERS

For more information about Aetna plans, go to <u>AetnaRetireePlans.com</u> or call Member Services toll-free at **1-888-267-2637** (TTY: 711). Hours are 8 AM to 9 PM ET, Monday through Friday.

Participating health care providers are independent contractors and are neither agents nor employees of Aetna. The availability of any particular provider cannot be guaranteed, and provider network composition is subject to change.

In case of emergency, you should call 911 or the local emergency hotline. Or you should go directly to an emergency care facility.

The complete list of services can be found in the *Evidence of Coverage* (EOC). You can request a copy of the EOC by contacting Member Services at **1-888-267-2637** (TTY: 711). Hours are 8 AM to 9 PM ET, Monday through Friday.

The following is a partial list of what isn't covered or limits to coverage under this plan:

- Services that are not medically necessary unless the service is covered by Original Medicare or otherwise noted in your Evidence of Coverage.
- Plastic or cosmetic surgery unless it is covered by Original Medicare
- · Custodial care
- Experimental procedures or treatments that Original Medicare doesn't cover
- Outpatient prescription drugs unless covered under Original Medicare Part B

You may pay more for out-of-network services. Prior approval from Aetna is required for some network services. For services from a non-network provider, prior approval from Aetna is recommended. Providers must be licensed and eligible to receive payment under the federal Medicare program and willing to accept the plan.

Out-of-network/non-contracted providers are under no obligation to treat Aetna members, except in emergency situations. Please call our Member Services number or see your *Evidence of Coverage* for more information, including the cost-sharing that applies to out-of-network services.

Aetna will pay any non-contracted provider (that is eligible for Medicare payment and is willing to accept the Aetna Medicare Plan) the same as they would receive under Original Medicare for Medicare-covered services under the plan.

PHARMACY DISCLAIMERS

Aetna's retiree pharmacy coverage is an enhanced Part D Employer Group Waiver Plan that is offered as a single integrated product. The enhanced Part D plan consists of two components: basic Medicare Part D benefits and supplemental benefits. Basic Medicare Part D benefits are offered by Aetna based on our contract with CMS. We receive monthly payments from CMS to pay for basic Part D benefits. Supplemental benefits are non-Medicare benefits that provide enhanced coverage beyond basic Part D. Supplemental benefits are paid for by plan sponsors or members and may include benefits for non-Part D drugs. Aetna reports claim information to CMS according to the source of applicable payment (Medicare Part D, plan sponsor or member).

The Aetna Medicare pharmacy network includes limited lower-cost, preferred pharmacies in Suburban Arizona, Suburban Illinois, Urban Kansas, Rural Michigan, Urban Michigan, Urban Missouri, Urban Pennsylvania, Suburban West Virginia. The lower costs advertised in our plan materials for these pharmacies may not be available at the pharmacy you use. For up-to-date information about our network pharmacies, including whether there are any lower-cost preferred pharmacies in your area, please call 1-888-267-2637 (TTY: 711) or consult the online pharmacy directory at AetnaRetireePlans.com.

The formulary and/or pharmacy network may change at any time. You will receive notice when necessary. You must use network pharmacies to receive plan benefits except in limited, non-routine circumstances as defined in the EOC. In these situations, you are limited to a 30-day supply.

Pharmacy clinical programs such as precertification, step therapy and quantity limits may apply to your prescription drug coverage.

Specialty pharmacies fill high-cost specialty drugs that require special handling. Although specialty pharmacies may deliver covered medicines through the mail, they are not considered "mail-order pharmacies." Therefore, most specialty drugs are not available at the mail-order cost share.

For mail-order, you can get prescription drugs shipped to your home through the network mail-order delivery program. Typically, mail-order drugs arrive within 7-10 days. You can call 1-866-241-0357 (TTY users should call 711), 24 hours a day, seven days a week, if you do not receive your mail-order drugs within this timeframe. You may have the option to sign up for automated mail-order delivery.

The Medicare Coverage Gap Discount Program provides manufacturer discounts on brand name drugs. The amount you pay and the amount discounted by the manufacturer count toward your out-of-pocket costs as if you had paid them and moves you through the Coverage Gap.

Coinsurance-based cost sharing is applied against the overall cost of the drug, prior to the application of any discounts or benefits.

PHARMACY DISCLAIMERS

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- Cover a drug that would be covered under Medicare Part A or Part B.
- Cover a drug purchased outside the United States and its territories.
- Generally cover drugs prescribed for "off label" use (any use of the drug other than indicated on a
 drug's label as approved by the Food and Drug Administration) unless supported by criteria included
 in certain reference books like the American Hospital Formulary Service Drug Information, the
 DRUGDEX Information System and the USPDI or its successor.

Additionally, by law, the following categories of drugs are not normally covered by a Medicare prescription drug plan unless we offer enhanced drug coverage for which an additional premium may be charged. These drugs are not considered Part D drugs and may be referred to as "exclusions" or "non-Part D drugs." These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia
- · Drugs used for cosmetic purposes or to promote hair growth
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale
- Drugs used to promote fertility
- · Drugs used to relieve the symptoms of cough and colds
- Non-prescription drugs, also called over-the-counter (OTC) drugs
- Drugs when used for the treatment of sexual or erectile dysfunction

Your plan includes supplemental coverage for some drugs not typically covered by a Medicare Part D plan. Refer to the "Non-Part D Supplemental Benefit" section in the chart above. Non-Part D drugs covered under the non-Part D supplemental drug benefit can be purchased at the appropriate plan copay. Copayments and other costs for these prescription drugs will not apply toward the deductible, initial coverage limit or true out-of-pocket threshold. Some drugs may require prior authorization before they are covered under the plan.
